DESCRIPTION: This school is designed as a continuing education & training event for officers who deploy with a patrol rifle. This course is an excellent skill builder that uses static, dynamic and interactive evolutions of fire. It is highly recommended for all patrol rifle users. The focus of this training is a review on positional shooting, moving targets, CQB, team tactics, low light engagements and judgment in the use of deadly force using our exclusive scenario based **live fire training simulator**. Each student will be exposed to numerous live fire scenarios testing their judgment and accuracy while under stress. At the end of this training the student will have a much better understanding of their capabilities and limitations using the patrol rifle and your agency will have increased its readiness for a violent encounter while decreasing its liability by providing this cutting edge, realistic and relevant training.

EQUIPMENT: Patrol rifle (.223/556 or .308) w/sling, at least two rifle magazines, 300 rounds of rifle ammunition, clothing for weather conditions, personal body armor, wrap around eye protection, double hearing protection, cleaning gear, and your duty belt to include your duty pistol w/ 50 rounds of ammunition.
