

Free MCOLES Certified Law Enforcement Training

Investigation & Identification of Stolen Heavy Equipment & Watercraft for the Patrol Officer

The most comprehensive and current theft investigation & identification of stolen heavy equipment and watercraft course in Michigan, designed for all law enforcement personnel, especially road patrol officers, vehicle inspectors, and detectives. Attendees will be instructed on past and present PIN and HIN formats, label designs, and locations including past and present methods used to alter and conceal the true identity of heavy equipment and watercrafts. Attendees will also be educated on the most current theft trends and crimes associated with heavy equipment and watercraft theft. Attendees will also be briefed on investigative techniques utilizing LEIN, NICB, and other databases and technologies.
